Dear Editor,

The other day I rode home with a girl from school, and I asked her why she had never shown up at the school dance. She said she had broken up with her boyfriend just a week before. She explained that she had never shown up at the dance because her ex-boyfriend had sent her a note saying that he was coming. I was surprised that she had never showed up at the dance, and I wondered if there was anything I could do to help her.

Sincerely,

Dear Editor,

I was very surprised to read in the newspaper that my favorite band, The Beatles, would be performing in our city next month. I have been a fan of the band for years and have seen them in concert before, so I was thrilled to hear the news. I am planning to buy tickets as soon as they go on sale.

Sincerely,
