To Peace and Victory Through Mary

The Pope has long made known his approval of world-wide devotion to Our Dear Mother Mary. Since the early days of the Rosary, and more especially during the month of October, this devotion is carried out, not only in Italy and France, but in the United States and Canada. Can you think of any more pleasant way to spend ten minutes on a cool October day than to visit Mary in the Chapel? We Catholic youth are too busy with our studies to spend much time praying. Yet, in this busy age, time is our greatest asset. If we made more use of our time, we would be able to do much more good. The Rosary is a devotion that is not only a great help in the struggle to become perfect, but it is a great help in the struggle to become perfect. It is a means of prayer, and it is a means of prayer. It is a help in the struggle to become perfect, and it is a help in the struggle to become perfect.

Our Message to Mother Berenice

It is with pride and knowledge that the students of our school are proud of our Mother Berenice. She is a true Catholic woman, a woman who loves her faith. She has been a daughter of the Department of Education since 1925, when the school was first opened. She has been a teacher of the school and a member of the Department of Education, having served as an alumna. She has a Doctor of Philosophy degree from the University of Wisconsin, and a Doctor of Philosophy degree from St. Louis University in 1934. She was sent to the educational field.

For the Future of America

With the tremendous demand for more power, labor, and the farm, we must and will have more of our essential effectiveness. Our army is being filled with great numbers of single men and the final goal of ten million is reached even though many will have contributed toward it.

This should give those who are in school today much to think about. Where do we fit in this picture? What can be called to mind—can we be here. The women of England, France, France, and China provide us with examples of the old age of prophecy. Where lies a word there is a way.

Now is the time to take inventory of ourselves and make use of every opportunity offered to us in our educational curriculum and out of school to help the future of America and its culture and religion must not die.

Love Will Win This War!

A few weeks ago, Lieutenant General Sir Charles Gough of the United States Army gave a lecture which embodied the finest ideals of a moral, cultural, and religious heritage. To his audience, the General allowed his devotion to his home and to his country to blind him to the real consequences of the war. He urged his audience to think of the war as a moral crisis in the history of the world. We cannot fight for our moral possessions for the war has grown more deadly than ever before.

Ignorance of the ultimate purpose of the war was evident in the General's every word. He does not realize that we are not fighting for our moral possessions. It is not the war that is fought, but the war that is fought. We are fighting for our moral possessions. It is not the war that is fought, but the war that is fought.

HOLY MARY, I love you true. Brother of God, my mother! Help for us, charity and our. Holy Mary, I love you true. Brother of God, my mother! Help for us, charity and our.

Let Us Pray

Forty Hour Devotion services will be held at the Church of St. James, 24th and 25th. All students should plan to be present to get the opportunity for spiritual growth.
