Student Stars in Title Role of "Dulcy"

The Dramatics Club production will again bring to the stage the events of the little Theatre on April 17, in the form of a musical comedy of the same name, "Dulcy." With the chorus, the principal role of Dulcy, and the supporting roles, many talented members of the Dramatics Club have been chosen, and the final selection has been made.

Eight Men—Ah!

Dulcy, the title character, is the heroine of the story, and she is a bit of a mystery. When she first appears on the stage, she is seen running about in a sea of red, and it is not until she is revealed to be Miss McLellan, who is in charge of the Drama Club. Then, she goes on to tell the story of her first experience in the Drama Club, and how she became involved.

Teachers Assist

The story always takes place in the summer, and the students are always involved in some sort of drama-related activity. Written by George Kraftman and Marc Ockenden, the story is set in the summer of 1944, and it is about a group of students who are preparing for a drama production.

Think This Over

The interest displayed by students in the Science and Biological Depart-
ment of St. Thomas Aquinas leads us to make this suggestion. Would it be possible to stage
a bi-weekly faculty-student panel discussion on some topic of interest;
Members of the faculty or some student representatives with a commit-
tee of faculty members in choosing topics and sponsors.
This for such discussions might be obtained by writing inside university
programs for such a purpose, or by taking one of the two weekly
periods now allotted to the Five Clubs. A privilege which is enjoyed
by other clubs in the school. Think it over and let us hear from you!

SOMEBODY LOVES US!

Dear Editor,

I read your article in The Font last week and thought it most interest-
ing. What an easy and intimate way to discuss these issues.

Yours sincerely,
