They'll Lead the Parade

The faculty and students of the college are planning a parade to celebrate the graduation.

Requiem Mass in Face

A requiem mass will be held in the chapel in memory of our deceased President, Mary Jane Murtland.
Hail and Farewell to Seniors

This year, as the Class of 1944 leaves our portal, we want to commend them on four years of successful work and study now completed. They are going out into the world to put into practice what they have learned. It will not be easy for them in this World War year of 1944 to find exactly what they want. There will be plenty of jobs, but the girls who have been brought up in Catholic principles and training are going to be surprised to find that Christ is not as well known in the practical business office as He is in the corridors of the schools they attended.

There is no need to tell you, Class of 1944, that you have been fortunate. A college education means a great deal these days, but you have been fortunate in still another way. You attended a Catholic college. You know what you are looking for, Christ is your objective, and your guiding path is everything that leads to Him.

If you have lived in this happy period you don't have to seek very far to find Him. He is in your heart and in the hearts of all straight-thinking Christmas who aren't ashamed to admit that the easy true way to peace and happiness is through Christ.

As a parting word, we Freemasons want to thank you for your help and wonderful examples. From the first day we met you at the Seminar dinner you have been our friends and splendid examples of a happy and successful college life.

Any Student—During Exams

After a Year of Humanities

Humanities consists of those subjects which constitute the mind to find himself. This was explained as the work of the Humanities course which Fontbonne adopted this year.

For all, it is a study of man, not merely as a biological creature, but as a creature composed of body and soul made to the image and likeness of God. In finding himself, man must first discover the arts.

Philosophy—How man thinks and how it prompts him in his actions.

Literature—How man expresses himself in words of prose and poetry.

History—How man does and why.

Art—man's self-expression by skill of hand.

Music—man's expression of his feelings in song.

This learning, man can then apply it when needed.

In completing the first year of this course, we will not recognize easily its merits. However, as time goes on and our education becomes more rounded, we will find what we learned in the Humanities of extreme help in attaining a well-balanced and cultured mind.

The great writers knew the value of these arts, and the word of Jesus reveals us what the world is seeking: "Consider of what origin you are. You were not made to live as the brute, but to seek and learn the truth."

From the Poet's Corner

FROM THE MOON TO GEORGIA

Tonight my thoughts were glowing in a hall
In which those burned but never basted roses grow.

My heart still aching from a wound where a friend
Aimed to succor the ground because of the new wars.

When urchins, at some nuance of love,
Raped my own, I lost my Neon and Jade;

And once more once I place my hands
And feel the heat of light—of love in the halls,
I do not know why, but I feel a little.

And then I take to the streets of three towns
In similar town, the same, the same.

A.O.S.M.F.T. Reports

L. A. O. S. M. F. T., Number 23, hereewith submit this: B. F. E. O. S. M. F. T., dedicated to you all. It is the same similarity to actual people or happenings, I've failed.

604 Waterman Avenue—the address on a certain card and directory titled. It even creeps into his work. That's bad, DOUGLAS.

Gloria Quest had twenty-two days' leave. Now she was greater eighteen inches. She was larger, bigger, better.

Congratulations to Pat Chandler! She is a master at getting your hair up and down in short order. Mike was free inspiration.

Radishes are ten points apiece at the ART. GALAXY, and LOCKS are those wonderful specimens of free time. They simply spent several hours on the Fine Arts Building. Their new slogan! "Touch me not."

The Cincinnati Reds left St. Louis with another ardent fan, ELKINS WORKMAN, you turned us—were for the Cards.

B. J. HENRIKSEN and N. L. Schutzman arguing whether the man of Bo was smarter on those "messages from man in the service."

JANE FRANKA can't seem to get into the swing of things after a seven-day whirl with DICK. Earth is dull after a fling, isn't it, DICK?

R. HOLDEN and B. KENNEDY discussing intelligently the new shipment of Navy cadets at Lambert.

MARIANNA D'ALTON discussing on other press manufacturers of St. Louis, has a very hard time just putting your foot on the starter, CASHEY—or your father isn't going to venture out in the wide hours of the morning to take foot exercises.

But do you see the Quay Mountain? That laden Fontbonne on the day of the Freshman party for high schools. They wouldn't have been actual, real-life, civilized students of Fontbonne!

It must be living and a young man's eager longing turned to thoughts of exams.

And this too shall pass away—Humanities.

Things I'll never understand: How MARIANNA BAUMAN can always look at her and she stepped out of a hand-on box—How GINA McCANN can get three letters in one day and I can't get one. The thrilling MRS. HENDERSON out of those weird stories. How the live on RUTH McNamee's car bed into one. How have you read this year?

A.O.S.M.F.T., Inc., has been glad to serve. But to each weary mind we'll tell you what this organization means to you.

Happy Exams to You!
Boarders Sing Packing Blues as Zero Hour Nears

You know, I’m sure, how it is in a situation where you’re a leader and you have to carry out certain responsibilities—like the way you do when you’re in a situation like this, where you’re supposed to be leading the way. I mean, you have to lead by example, and you have to be able to handle things on your own. And when you’re in a situation like this, you have to be able to think on your feet and be able to make quick decisions.

Prof. Discuss Summer Plans: No Rest For Them!

by Dorothy Jacoby

We had a good time this year, but it was over too quickly. We’ve learned a lot and had a lot of fun, but it’s time to get back to work. We have a lot of work to do this summer, and we’re going to make the most of it. We’re going to work hard and have fun, and we’re going to make the most of this opportunity to learn and grow.

Meet the Grads

by B. J. Haemmerle

At the annual meeting of the Manzanar Alumni, Mary Y. K., an elected alumnus, was elected president. Mary is a familiar face around the campus, and in her position as director of physical education for S. S. U. S. N. Under Mary’s direction, the annual alumni and community reunion was held last Sunday, May 23, and the event was highlighted by a special celebration at which three prominent graduates were honored—the classes of 1944, 1945, and 1946. Mary present at the event was the former alumna, who was joined by a large crowd of alumni and friends.

Orchids to You!

Despite the inclement weather, the floral show on Friday night (June 12) was a success, attracting a large crowd and raising over $300. The show was held in the school auditorium, and the flowers were arranged by the students and staff. The event was a great success, and we are looking forward to next year’s show.

On top of the list of graduates is Betty Fook, who has been awarded a scholarship to continue her studies at the university. Betty has worked hard and has been a great asset to the school, and we are very proud of her.

At a meeting of the alumni, the news of the appointment of the new school principal and the new faculty members was announced. The new principal is a well-known and respected educator, and we are all looking forward to working with him.
