Memorial Case Dedicated
At Phi Beta Chi Open House

The Phi Beta Chi sponsored an Open House on November 9, at 8 o'clock in the evening, the purpose of which was to welcome the friends of the students in the Science Department in to see what they are doing and to display the equipment owned by the Department.

The program began by an address by Dr. F. A. Gaddy, R. A. Awarded of Medicine at St. Louis University, to the students and parents of the students. This took place in the Red Room of the Hall, which is located at 37th Street, on November 9, 1944. Following the address, food and drinks were provided for the guests, who were allowed to relax and enjoy the atmosphere of the occasion.

Prizes Offered For Best Review

DEO GRATIAS!

They set aside a day for us each year to thank God: to thank Him for existence; to thank Him for giving us a country that is blessed with the riches of nature and inventions; to thank Him for the love, happiness, and strength that we have today. We are grateful to God for the many blessings He has bestowed upon us. We pray to God for peace, joy, and love in our lives.

My God, I can never thank you enough for the many things you have given to me. I am forever in Your debt. Dear Lord, I will serve You as much as I can and will be grateful to You. Please God, be with me always.

THE SCARLET LILY

BY RONALD SALOMO

Jounl of the American Society of the Scarlet Lily

The Scarlet Lily is an annual event that celebrated the beauty of the scarlet lily flower. It was held on campus in the spring of each year. The event included a parade, a luncheon, and a dance, with a special guest speaker.

Dear Fontounians,

Since you are going to the time when the Scarlet Lily first started, there has been the decision of the organizing committee to make changes in the program. We know it may not be possible to satisfy everyone, but we hope you will understand our decision and cooperate with us.

I am skiering and just not a little excited about my skiing plans.

Today is Saturday, the first of November, and Edward's
temperatures are rising. The dog days are just beginning, the
temperature outside is 65 degrees, I am thinking about
taking a long walk. I am thinking about skiing.

The weather is perfect, the sun is shining, the air is crisp,
and the skiing looks great. I am excited about my plans.

I am going to ski tomorrow, and I am looking forward to it.

A winter's world at war, the sequins are bringing life to sparkly silver gowns. The concept was introduced for the psychological affect of the sequins and the fact that it is given to clothes, not as an accessory, but as a statement. We do know that sequins are frequently worn by Radcliffe, Bette, and even Grace.

In the same category with the sequins, we find the simulated diamonds. In the past few seasons, jewelry has become more fun to wear, saying that one can have a diamond for a necklace, an earring, or a ring. In any case, it is a diamond look that is special, especially useful in small and fancy evening dresses.

MISSING IN ACTION

Somebody made a mistake and we have two missing persons.

To anyone who may be acquainted with these two
missing persons, please call the police at once.

We are looking for two young men, one
named John Smith and the other
named Robert Jones.

Sequences of the sequin front are
a popular party fashion.
