College Day is Synonym
With Quaint Old Custom

OCTOBER 13, 1921

Vox Populi

The opinions expressed in this section are those of the writers.

Dear Editor:

A number of our readers have inquired as to the reason that College Day is a Quaint Old Custom. The reason for this stems from the fact that on this day, the students of the college are given the opportunity to dress in the attire of the past, thus re-enacting the customs and traditions of the early days of the college. This is done as a way to honor the history and heritage of the institution and to help students feel a stronger connection to their roots.
