Sister College Plans Visit

Mary Martha Yancey, president of B.C.A. and a member of the Student Council, will be hostess for the students from the Colleges of St. Teresa, Kansas City, Missouri; of Kansas City, Kansas; of Sacred Heart College, St. Paul, Minn., and of the University of Notre Dame, South Bend, Ind., during the week of April 29 to May 7. The occasion will be the third annual annual B.C.A. College Weekend. The purpose of which is to bring closer relations between the two schools.

Artist and Historian Lecture at Center March 24 and 31

Art makers, political revolutionaries, and so-called artists will be among the speakers to be heard next month at the center. Among them will be Edward Core, internationally known artist, who will present an idea of his museum, and talk of the church in relation to the art of the 20th century. The speaker will also explain his fame as a sculptor. "The Scandinavian Drama and the American Village," a paper by J. W. L. Engblom, will be the subject of his talk, Thursday evening, March 24.

Lavater, B. N. 1, Miss Debbie is formerly editor of Public Art Quarterly, and also contributes to Worship, Catholic Worker, and Art Journal.

On Thursday, March 24, Donald Louis will lead a discussion on the current political and social issues of the nation. The speaker will be Dr. W. S. Bynum, of the University of Chicago, and a professor of history at the University of Chicago.

M. Kelly Exhibits

Art Work April 3-9

Margaret M. Kelly, set artist, will feature an exhibition of her art work April 3-9. The exhibition will feature the fine arts of the world, as well as the fine arts of the United States. The exhibition will be held in the Fine Arts Center, and will be open to the public.

Although the show will be open to the public, the exhibition will feature works of art that are not for sale. There are also many prints and posters, as well as works of art that are for sale. Everything is priced to the nearest dollar from $5.00 to $10.00 in the Fine Arts Center.

Aquatic Sports Get In Swim, "Show Business" March 25th

The Aquatic Sports pool will be open to the public March 25th. The pool will be open from 10:00 a.m. to 10:00 p.m. The pool will be open for the entire day, and will be open for free.

The pool will be open from 10:00 a.m. to 10:00 p.m. The pool will be open for the entire day, and will be open for free.

Faculty Attends Three Conventions

Sister Josephine Marie, professor of English, and Sister Mary Frances, professor of History, will attend the conventions of the National Catholic Educational Association to be held in Atlantic City, N. J., and Detroit, Mich. Sister Marie, in addition to her duties as a professor, will also give a lecture on the subject of "The Role of the Church in Education" at the convention in Atlantic City.

The conventions will be held April 10-12. The events will include a series of lectures, workshops, and panel discussions on a variety of topics related to the mission of the church in education. The conventions will also feature a keynote address by Sister Marie on "The Challenges of Modern Education."
Biologists Study Phylum Chordata

"Chordate" is a taxon name used by zoologists to designate a group of animals that includes sponges, ctenophores, and the sea anemone. Chordates are a clade of animals that have a notochord, a dorsal nerve cord, and pharyngeal slits at some point in their life cycle. The study of chordates is important because it helps us understand the evolution of the nervous system and the development of the human body.

"Phylum Chordata" was the title of a study conducted by zoologists at the University of California, Berkeley. The study was aimed at understanding the evolution of the nervous system in chordates and how it has changed over time. The researchers used molecular methods to analyze the genetic sequences of various chordate species, including humans, fish, and amphibians, to identify key genes involved in the development of the nervous system.

"The results of the study showed that the evolution of the nervous system in chordates has been shaped by a combination of genetic mutations and environmental factors. The study also provided insights into the potential mechanisms that underlie the development of neural tube defects, which are common birth defects that affect the nervous system.

"In conclusion, the study of chordates is crucial for understanding the evolution of the nervous system and its potential applications in medicine and biotechnology. The findings of this study can help guide the development of new treatments for neural tube defects and other neurological disorders."
Eta Sigma Phi Meets Here For April Meeting

Do you know how we have some faculty members anything? Really, now it's nothing. That's what Eta Sigma Phi and Yale Delta, the student chapters of the Eta Sigma Phi, means. It's a honor society for students who are interested in the study of Greek culture and language. It also serves as a means of encouraging participation in Greek letter societies.

Eta Sigma Phi is an honorary Latin and Greek literary society, which aims to enrich the intellectual life of the University and to promote the study of classical languages. It also sponsors a variety of activities, including lectures, dinners, and social events.

Home & Events

Annual Convention

The Home Economics Club members and their advisor, Miss Teresa Corridore, are planning to attend the Home Economics Association's Convention. It will be held at hotel in St Louis, Missouri, on April 22. According to Mary Carolea Beltrang, the advisor.

The agenda includes:
1. Business meeting with all college club presidents gathering reports of their activities for the year.
2. Luncheon Speaker: Miss La Verne Shade, viewpoint, Northeast State College, Jamestown, North Dakota.
3. Student style show entitled "Modern Fashions of Today."
5. Banquet.

Jr Panhellenic was discussed at the March 2 announcement meeting. President Anne Moore, senior class president, discussed plans for the upcoming year. She plans to hold meetings about once a month, on a regular basis.

NFCCS Convention To Be April 12

The NFCCS Regional Convention will be held at Mount Saint Joseph College, Jackson, North Carolina, on April 11 and 12. At this meeting delegates will be elected to serve as "regional chairs" for the coming year. Other highlights of the Convention will be the election of national officers and the evaluation of national activities, and the convention of chapters, and the evaluation of the convention. All delegates are required to attend the first day of the convention.

Mississippi State and Samford University, both in Birmingham, Alabama, will be represented at the Convention.

Fountain Announces Date Of Spring Publication

Work has begun on the spring edition of the Fountain, a newsletter for the Prairie. Among those featured in the early part of the year are Martin Contributions and suggestions are welcomed and solicited, since this publication is intended to be distributed to the students and faculty of the university. It is important to have a copy of the most recent issue.

The Fountain will again feature a special group of issues devoted to book reviews and other topics of interest. Our next issue will be devoted to the topic of "Book Reviews." It will feature reviews of new books and other works related to the topics covered in previous issues.

Win Scholarship In Silver Competition

You can win a scholarship to Pennisi College! Here's how: Participate in the Silver Competition and you could win a scholarship worth thousands of dollars! The deadline is May 15th.

To win either the first prize of a $3,000 scholarship or one of three smaller prizes of $250 scholarships, all you have to do is name your favorite food and drink, and tell us why this is your favorite food and drink. We will randomly select one winner from all the entries received.

For more information, please visit our website or contact us by phone or email.

Missouri Bishops Urge Legislators Support Bus Bill

The first official declaration of the bishops of the state of Missouri on the bus bill was made by Bishop Charles W. Potter of St. Louis. Bishop Potter urged the Missouri Legislature to pass the bill, which would establish a bus system for the state.

Bishop Potter said he had been asked to speak on the bill by the Missouri Conference of Bishops. He said, "The bus bill is a needed service for the people of Missouri. It is a matter of public welfare and the church should support it."

Bishop Potter also spoke about the importance of the bill for the county and the state as a whole. He said, "The bus bill is a necessary service for rural areas. It is needed for transportation and for the development of the state."

Penny Circus Company Complete Plans For April 22

According to the announcement from the company, the Penny Circus will be held Friday evening, April 22, in the gym, that plans are reaching their final stages.

Given annually by the Pennisi Student Activities Fund to provide funds for entertainment, the Penny Circus is always highlighted by a variety of acts from one of the four classes.

Rivalry is now renewed high among the students for their favorite candidates for the queen position. Several candidates are Mary Linda, Junior; Lillian Celeste, Sophomore; Ada Power, Freshman; and Mary Margaret Pinnell.

Other plans in charge of arrangements for the Penny Circus are: Sister Eugene, Mary Lee McMillan, and Pete Rowing.

Penny Circus Queen candidates dress the principal clown, Joanne Satter.
Ready to Take Off for the Swimming Meet at Illinois U.

The committee includes: Mrs. Mary Smith and Mrs. Roy Thompson, president; Mrs. Robert Crain, vice-president; Mrs. L. A. Arndt, and Mrs. F. P. Shuler, ticket.

ACCW Panelists Address Assembly

Example is what came out of the hit panel discussion featuring three officers of the St. Louis Ambulance Council of St. Louis Woman's Board the ambulances of the Red Cross." The March 31's assembly continued the trend.

Mrs. Dorothy Birmingham, president of the Red Cross, and Mrs. Dorothy Rigas, assistant director of the Red Cross, opened the session with a brief introduction to the Red Cross and its services. Mrs. Rigas then gave a brief history of the Red Cross and its activities, and Mrs. Birmingham concluded the session with a closing prayer.

The speakers on the panel consisted of members and friends of the Red Cross and the St. Louis Woman's Board of the Red Cross. The speakers were Dr. Dorothy Birmingham, president of the Red Cross, and Mrs. Dorothy Rigas, assistant director of the Red Cross, and Mrs. Dorothy Birmingham, president of the Red Cross, and the St. Louis Woman's Board of the Red Cross.

The panelists were selected for their expertise and experience in the field of emergency services. They were able to provide a comprehensive overview of the services provided by the Red Cross and the importance of their work.

The panel was well received by the audience and was considered a success. The speakers were able to answer questions from the audience and provide valuable insights into the work of the Red Cross. The session was concluded with a round of applause for the speakers and the audience thanked them for their time and efforts.
